Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Saturday 14 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and sunny start, light rain possible later.

Today:
Patchy mist and low cloud soon clearing to leave a bright and sunny start across the region with light winds. Further cloud will develop during the morning with some light showers possible by afternoon, most likely towards the west. Maximum temperature 23 deg C (73 deg F).

Tonight:
Any showers easing early in the evening and skies gradually clearing overnight. Some misty patches possible towards dawn, clearing as cloud builds from the west. Minimum temperature 13 deg C (55 deg F).

Sunday:
Cloudy start in the west of the region, gradually spreading eastwards during the morning with isolated showers. Sunny spells during the afternoon with more prolonged sunshine near the south east. Maximum temperature 23 deg C (73 deg F).

Outlook for Monday to Wednesday:
Cloudy with some possible showers on Monday, clearing to a sunny evening. Cloudy on Tuesday and Wednesday but most likely dry. Staying breezy.
